Diseases & Tuberculosis**

Prof. Mohamed Awad Tag Eldin, PhD
President, Egyptian Society of Chest Diseases and Tuberculosis
Presidential Advisor for Preventive Health Affairs
Professor of Medicine, Chest Department
Ain Shams University
Cairo, Egypt

Welcome Message

Dear Colleagues,

It gives me great pleasure to welcome you all to SAPH 1st International Outreach Conference on Pulmonary Hypertension, organized by Saudi Association for Pulmonary Hypertension (SAPH), in collaboration with the Egyptian Society of Chest Diseases and Tuberculosis. The conference will be held in Grand Nile Tower, Cairo on 20-21 January 2022.

SAPH International Outreach Program is a beginning of a series of collaborative meetings with our colleagues in Egypt aiming to engage in exchange of knowledge and expertise on the latest and best practice methods in Pulmonary Hypertension. The Conference committee is planning a full Program covering all aspects of Pulmonary Hypertension including Diagnosis, Classification, Management, and advanced development in Therapies and Interventional Modalities.

The program will be covered by the regional recognized leaders in the field of Pulmonary Hypertension.

We are much appreciative to all our distinguished speakers and chairpersons. We also extend a sincere appreciation to our sponsors for making this event possible.

With my best regards,

Abdullah M. Aldalaan, MD

Chairman, SAPH 1st International Outreach Conference on Pulmonary Hypertension
President, Saudi Association for Pulmonary Hypertension
Consultant, Pulmonary Medicine
Director, Pulmonary Hypertension Program
Lung Health Center
King Faisal Specialist Hospital and Research Centre
Riyadh, Saudi Arabia

The Saudi Association for Pulmonary Hypertension (SAPH) is a medical and research national group of many medical specialists, who shared a common interest in the field of Pulmonary Vascular Diseases. The main goal for SAPH is to increase the awareness and the knowledge of pulmonary vascular diseases in the society and between the medical professionals, and to start variety of research projects in the field of pulmonary vascular disease in the region, in order to improve the understanding, and quantify the size of the problem in this part of the world. SAPH is registered and operates under the Saudi Thoracic Society.

SAPH Objectives:

- To investigate the incidence, prevalence, and pathobiology of PVD in underserved areas that, to date, have not been well characterized
- To identify unique characteristics of the illness including its morbidity and mortality
- To establish effective therapies, which will be accessible to the affected patients
- To provide expertise to areas with healthcare disparities that will address issues related to the education and training of healthcare professionals in the area of PVD
- To focus on improving the treatment of PVD, by promoting research, by educating physicians, and by assisting the development and conduct of clinical trials following the highest standards of clinical research
- Pleural Diseases
- To provide consultative services to health agencies and industry regarding advancing the treatment of PVD.

Activities:

- To investigate the incidence, prevalence, and pathobiology of PVD in underserved areas that, to date, have not been well characterized
- To identify unique characteristics of the illness including its morbidity and mortality
- SAPH provides expertise to advise physicians, scientists, health authorities and the healthcare industry regarding medical technologies and pharmaceuticals relevant to PVD
- SAPH is establishing a national database on patients with PVD to allow a meaningful understanding of the similarities and differences in the spectrum of the illness between different regions in the kingdom and other countries in the world
- SAPH has developed a web-based, multilingual educational materials and guidelines on the management of pulmonary vascular disease accessible to people involved in healthcare delivery
- SAPH has been conducting workshops on the modern methods to evaluate patients, determine accurate diagnoses, and monitor the efficacy of treatments

Abdullah M. Aldalaan, MD

 Section Head of Respiriology and Director of Respiriology Fellowship Training Program Ministry of National Guard
Jeddah, Saudi Arabia

DAY 1 - THURSDAY, 20 JANUARY 2022

07:30 - 08:30 Registration

Session 1: Fundamentals of PH

Chair: Abdullah Aldalaan - KSA | Ayman Farghaly - Egypt

09:00 - 09:25 | PAH Diagnosis; Importance of Precision
Abdullah Aldalaan - KSA

09:25 - 09:50 | Risk Stratification
Ayman Farghaly - Egypt

09:50 - 10:15 | PAH Management, an update
Majdy Idrees - KSA

10:15 - 10:30 | Opening Ceremony
 Abdullah Aldalaan | Ayman Farghaly | Magdy Yacoub | M A Tag El-Din

10:30 - 10:45 COFFEE BREAK

Session 2: Current Update on Management of PH

Chair: Ragdah Arif - KSA | Khaled Shokry - Egypt

10:45 - 11:10 | Group II PH Update
Fayez Alahmadi - KSA

11:10 - 11:35 | Group III PH Update
Youssef Amin - Egypt

11:35 - 12:00 | CHD, Correct or not Correct
Ahmed Krimly - KSA

12:00 - 12:30 Pulmonary Infection in the Scene of PH - Wael Soliman - Egypt
Chair: Maysa Sharf El Din - Samiha Ashmawi - Ibrahim Radwan

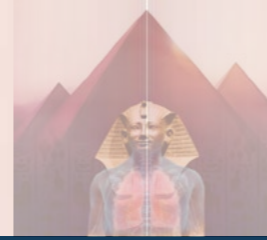

12:30 - 13:30 LUNCH BREAK

SAPH2022
 THE 15TH ANNUAL CONFERENCE OF THE SAUDI ASSOCIATION FOR PULMONARY HYPERTENSION

ORGANIZED BY:  

17-19 FEBRUARY 2022 | Jeddah Hilton, Saudi Arabia

MARK YOUR Calendar

DAY 1 - THURSDAY, 20 JANUARY 2022

Session 3: Clinical PH and Local Data

Chair: Bader Al Ghamdi - KSA | Mostafa Elshazly - Egypt

13:30 - 13:55 | Early Intervention with Combination Therapy in PAH; Impact on the Outcome

Hussam Sakijjha - KSA

13:55 - 14:20 | SAUDI PH Registry, A Glance on the Initial Analysis

Abdullah Aldalaan - KSA

14:20 - 14:45 | Egyptian Registries

Reem Elkorashy - Egypt

14:45 - 15:15 **New Trends in LRTI Management - Ayman Farghaly - Egypt**

Chair: Ramadan Nafea - Mohamed Sedky - Hussein Abo Zeid

15:15 - 15:30 **COFFEE BREAK**

Session 4: CTEPH

Chair: Majdy Idrees - KSA | Wael Soliman - Egypt

15:30 - 15:55 | CTEPH Pathogenesis

Bader J. Al Ghamdi - KSA

15:55 - 16:20 | CTEPH Medical Therapy: is there a space for more?

Marwah Abdelradhi - Egypt

16:20 - 16:45 | CTEPH Management, Surgical and Beyond

Nawal Al Gubaisi - KSA

END OF 1st DAY

Prostanoid IV Infusion Pump: Clinical Practice Guideline

Two Days Continuous Display and Demonstration

Sponsored by: **AOP ORPHAN**
 FOCUS ON RARE DISEASES

DAY 2 – FRIDAY, 21 JANUARY 2022

Session 5: Challenging PAH Cases I

Chair & Discussants: Hussam Sakijjha - KSA | Dalia Fayez - Egypt |
 Abdullah Aldalaan - KSA

09:00 - 09:30 | PAH and Pregnancy

Abdullah Alfaris - KSA

09:30 - 10:00 | PVOD/PCH - PAH

Faisal Al Baiz - KSA

10:00 - 10:30 | CTD-PAH

Shaya Alshaya - KSA

10:30 - 11:00 | Vaso Responsive PAH

Faisal Al Baiz - KSA

11:00 - 11:30 | Bilharzial PH Case

Mostafa Elshazly - Egypt

11:30 - 12:00 **PAH Treatment Updates**

Ahmed Hassan - Egypt

Chair:

12:00 - 13:30 **PRAYER & LUNCH BREAK**

Session 6: Challenging PAH Cases II

Chair & Discussants: Badr Alzahrani - KSA | Ahmed Hassan - Egypt |
 Kareem Mahmoud - Egypt

13:30 - 14:00 | Egyptian experience in BPA - **Ahmed A. Aziz** - Egypt

14:00 - 14:30 | Egyptian experience in PEA - **Ahmed Mostafa** - Egypt

14:30 - 15:00 | Egyptian experience in CHD - **Abdelrahman Attia** - Egypt

15:00 - 15:30 **TBA - TBA** - Egypt

Chair:

15:30 **Closing Remarks**
